GLYSTRO REMOTE CONTROLLED CURTAIN TRACKING

AN AUTOMATED CURTAIN SYSTEM BY **SOMFY AND KINGTRACK**

GLYSTRO : Characteristics: *Slim and compact motor combined with a simple track. Large Size roller runners provide excellent and smooth capability and quietness. Weight carrying capacity 50kgs on a 2 way track up to 12 metres. Built-in sensor for automatically setting its own limits. A Powerful yet Quiet 24v DC motor. Built-in Radio receiver compatible with Somfy's radio switches and hand-held transmitters.*

New Belt-Driven System:

The new belt-driven system has a steel core embedded in the belt which eliminates tension at the initial setting and during use. Unlike other polyester cord driven tracks, the glystro belt does not slacken or elongate during operation

Heavy Duty Roller Runners

***BENDING AVAILABLE
PRICE ON APPLICATION***

Track over 6.00 metres will require joining.

Available in White only

GLYSTRO 50/RTS REMOTE CONTROLLED

Glystro 50RTS standard set includes: Assembled Track, Motor, Heavy Duty Roller Runners, Brackets and Transformer with 3 pin plug and wall mounting bracket. (REMOTES EXTRA)

KINGTRACK SUPREME RIPPLE-FOLD

A Smooth finished Decorator Track, with a dome stud tape, which easily snaps onto a dome slider. *Each slider is connected and spaced at 60mm intervals. The Stud tape domes are spaced at 108mm intervals, together giving an approx 100% fullness of curtain, giving it the WAVE LOOK*

Supreme Ripple-Fold is available in **Hand drawn only**; however; a Hand or Corded colour matched Kingtrack track can be used behind.

Assembled track includes slider inserted into track. (tape supplied as length only)

supplied with Kingtrack Metal Bracket unless requested otherwise

Provision for a flick stick has been supplied.

Colours : Nickel , White, Ivory and Black

TRACK 25

Track 25 is a square Slimline track with wheeled runners. Measuring only 17mm wide and 14 depth make it ideal for top fixing in a confined situation. Different combinations of both a simple hand drawn track and a Ripple-fold track front or back. A set comes with a Standard Face Fix bracket, incorporating top fix plate with cam lock.

Cut to Measure only available in White Powder Coat or Anodised Silver

Track 25 Standard
